

SCHOOL-BASED TRAINEESHIP (SBT)

WHAT IS A SCHOOL BASED TRAINEESHIP?

School-based traineeships (SBT) are certificate II and III programs approved by industry to kick-start your specific career.

As a school-based trainee, you and your parent/guardian enter into a training contract with your employer. The training contract states that you, the trainee, will work towards completing a qualification whilst being paid and getting relevant on the job training from your employer for the duration of your contract.

Employers are required to provide students with opportunities to satisfactorily demonstrate the competencies that are a part of the relevant traineeship qualification.
